WILSON INVADERS HOUSE OF FOES

CARRIES HIS BATTLE FOR
LEAGUE OF NATIONS INTO
HOME OF HIS ENEMIES.

GIVES COST OF GREAT WAR

Informers of Lives and Treasure
Poured Out to Save
Civilization

(By Mt. Clemens News Bureau)

Aboard President Wilson's Special train—Carrying his war against those who oppose the adoption by the United States of the peace treaty and the covenant of the League of Nations into their households, President Wilson last week invaded California.

And there, where the question on which league opponents have hampered the hardest, that of Shan Tung—is of most interest, the president found the same enthusiasm among the people for peace and for insurance against future wars. The people want the long controversy ended. They want this country to be able to again turn its undivided attention to social, economic and industrial development. Their leaders may not feel this way, but judging from the expressions which met the president on every side, the leaders have overstepped the limits of the peoples patience in their stubborn determination to force a change in the great document.

Must Take This League.

"We must take this League of Nations," said the president, "for there is no way in which another can be obtained without compelling reconsideration by the powers. And it would sit very ill upon my stomach to take it back to Germany for consideration."

"All over the world people are looking to us with confidence our rivals along with the weaker nations. I pray God that the gentlemen who are delaying this thing may presently see it in a different light."

Germany, the president declared, is taking new courage from our delay in ratifying the treaty and her newspapers and public men were again becoming arrogantly outspoken.

Deeply impressive were the figures of the cost of the late war, in lives and dollars. It was the first time that the official statistics have been made public and the tremendous totals shocked the president's audiences.

Shows Cost of World War.

"The war," said President Wilson, cost Great Britain \$130,000,000,000; France \$26,000,000,000; the United States \$32,000,000,000; Russia \$18,000,000,000; Italy \$13,000,000,000 and a total, including the expenditures of Japan, Belgium and other small countries, of \$123,000,000,000.

"It cost the Central Powers as follows: Germany \$39,000,000,000; Austria-Hungary, \$21,000,000,000; Turkey and Bulgaria \$3,000,000,000.

"The United States," the president said, "spent one million dollars an hour night and day for two years in its struggle to save civilization. All this, however, fades into insignificance when the deaths by battle are considered, decimated the president, Russia gave 1,700,000 men; Germany 1,600,000; France 1,350,000; Great Britain 900,000; Italy 364,000; the United States 50,300. In all, almost 7,500,000 men perished in the great struggle, or 1,500,000 more men than died in all of the wars of the previous 100 years.

Should Remember Recent Horrors.

"These are terrible facts, and we ought never to forget them. We went into this war to do a thing that was fundamental for the world and what I have come out on this journey for is to determine whether the country has forgotten not. I have found out. The country is not forgotten and it will never permit any who stands in the way of the fulfillment of our great pledges, ever to forget the sorrowful day he made the attempt."

Arbitration and discussion, the president pointed out, must replace force of arms in the settlement of world controversies. Constantly he dwells upon the fact that all the nations in the League agree to do one of two things, first to submit their differences to arbitration, in which case they agree to abide by the decision rendered, or, if unwilling to arbitrate, to have their case discussed by the Council of the League, in which case six months is granted for discussion. Three months must elapse following the result of this last step in arbitration before the nation concerned can declare war.

Holds Out Hope For Ireland.

The president took advantage of questions propounded by the San Francisco Labor Council to give the inference that he believes Ireland can bring her case before the League of Nations for settlement when the League is actually in existence.

Shan Tung, he declared, will be returned to China. Japan, he said, had given her solemn pledge to that effect. And with the League of Nations in force, said the president, we can, if occasion arises, stand forth and say, "This shall be done."

Eleven Vessels Tied Up; No Crews.

New York.—Eleven United States war vessels are tied up at the New York navy yard without crews sufficiently large to man them, and it was said that as a result of the shortage of enlisted men and the possibility of many resignations among officers, the annual fall and winter maneuvers of the Atlantic fleet may have to be abandoned. The destroyers have been the hardest hit by the discharge of men who were enlisted for the period of the war. It was said that on several of these craft the present crew numbers from 10 to 20 instead of 100, the ordinary number.

Promotion Is Won By Admiral.

Washington.—Secretary Joseph Daniels announced the appointment of Rear Admiral Robert E. Coontz to be chief of naval operations, the highest office in the navy. The prisoners, apparently are in good health.

The effect on the high cost of living will be far-reaching and complete, he assured the conference called by the governor to lower the standards of the high cost of living hughaboo.
